THE HAPPY FARMER TRACTOR

The Tractor for the average farmer. It will save valuable time at critical periods and half the usual labor cost and get your crops in when necessary to take advantage of weather conditions. If you cultivate only 50 acres, you cannot now afford to do without a Happy Farmer Tractor. Sell three horses—their prize will buy one of these strong, willing and efficient Tractors and release 15 acres of your land now required to feed those horses, and you can get your heavy work done and done better than when done with horses, and just when you want it. The result will be better crops with less labor and more money at the end of the year. ASK FOR CATALOGUE AND SPECIFICATIONS.
